

DREAM ESCAPES

Toliva have more than
25 years' experience in
Home Cinema and
Audio Video Systems

Why use Toliva?

Technology is rapidly changing, and before you do anything you need to consider the integration of how your home, business or marine systems communicate.

With more than 25 years' experience we iron out the headache of today's sophisticated technologies and deliver you the best and most reliable systems available on the market to suit your budget and requirements.

- Quality cinema from 5:1 surround sound to 32 Channels of Dolby Atmos along with a curved anamorphic experience.
- Multi-room Music and video distributed to multiple rooms retaining quality of sound and picture.
- Simple and reliable control using a remote or touch screen tablet.
- Bespoke automation from a plasma lift, or a moving wall. We can design a custom unit to hide away your TV when it is not in use.
- Mood lighting.
- Automated blinds and curtains.
- HVAC - the ability to control temperature from your tablet, with accurate monitoring of temperature from wall and floor sensors.
- Reliable and robust IT networks. Everything electronic these days sits on a network. The network back bone needs to be ultra reliable. Our engineers specifically design the network around your requirements.
- Telephony.
- CCTV.

Our Services

We tailor solutions to your requirements and budget.

- AV Design, plan schematic drawings to pin configured technical drawings.
- Cable schedules and layouts.
- Project Management - paramount to a fluid installation.
- Installation - electrical, electronic and building services can co-ordinated for a harmonious installation.
- After Sales. First class after sales and warranty.

To make your dream a reality

Testimonials

"Having worked with the team at Toliva on one of the best private cinemas in the country, I can confidently recommend them to bring the JBL Synthesis cinema experience to the home. Enthusiastic, professional and technically skilled with an eye for detail, we couldn't ask for a more capable partner."

Steve Rutherford : Harmon Luxury Audio EMEA, Chief Engineer in Charge of Europe and UAE
- was employed to calibrate the cinemas sound system.

"Having worked very closely over the Surrey residence and several other projects with Darryn Jacobs. We can say that they [Toliva] offer a professional service above and beyond the norm ... a high level of both design flare and acoustic knowledge into the room infrastructure and Darryn's knowledge of the technical installation is first rate. This can be witnessed in his very hands-on approach to both the sales and hands-on tool aspects of the work he carries out."

Mark Alcock : Technical Sales Manager, Karma AV

"The most stunning room in my house, the cinema is by far my favourite and experiencing this degree of AV quality is truly amazing."

Private Client

"Darryn and his team have been exemplary in every way. The Screening Room he designed and installed for us could not have been more perfectly suited to our requirements, and has been a source of tremendous pleasure to many people, as well as a vital work tool. We could not be more grateful for all he has done. Toliva's service is little short of extraordinary and no request is too small to merit immediate attention."

Lord and Lady Fellowes (Julian)

"Having worked with the team who put this project together. I was delighted to see the end result at the Surrey residence high end JBL Synthesis Cinema. The team put together a visually striking, beautifully finished and superb sounding system, to the very highest standard. Their work was truly premium, with great attention to detail - Karma AV can most definitely recommend Toliva to bring an outstanding JBL Synthesis cinema experience to the home. They are a superb partner, who work to an extremely high standard with great back up".

Ian Severs : General Manager, Karma AV

"We have the home cinema we always dreamed of. Darryn and the team designed the room giving us great advice on the best equipment to meet our needs that. The planning and execution were exemplary. They do it all with the utmost professionalism, and attention to detail. We cannot recommend them highly enough."

Private Client

"We have worked with Toliva on a number of our developments and have always found the solutions recommended meet our requirements for audio systems within our high-end, luxury homes.

Darryn is very conscientious, offering great problem solving advice with advance knowledge of the latest technology. We look forward to continuing work with Darryn on future projects."
