

## COMPLETE DIGITAL & AUDIO VISUAL SOLUTIONS

We are a focused AVIT specialist  
serving the European Retail,  
Cinema and Hospitality Industry.

# Toliva are a focused AVIT specialist serving the European Retail, Cinema and Hospitality Industry.

The team perform consulting, designing, building and servicing in all aspects of today's digital technology. From standard and experiential Video walls, CCTV systems to dedicated satellite communications. Red carpet events are a speciality of the team. We also have a unique view on service and support, ensuring our customers only pay for support when they need it. We find long, complex support agreements are not generally necessary.

As a relatively small company we are in a position to give a little more of a personal touch. Our high end clients prefer an efficient, helpful, dedicated and well presented service.

The team has significant International experience. This ensures that whether our customer requirement is a video wall in a large venue in Europe, or a screen swap in a small remote retail unit, we will be there to repair and resolve the issue.

Having been involved in weird and wonderful projects in curious locations, we are aware of the logistical hurdles that often need to be accounted for. The back office team interact with our customers to ensure smooth logistics, timely installation and sign-off, ensuring we deliver "right first time" for every job.

## CCTV

Toliva install and maintain a multitude of CCTV systems, we can specify and design a system to suit your needs and budget. We currently service and maintain over 2500 cameras throughout the UK.

For complete digital & audio visual solutions, contact us on:

## LARGE FORMAT SCREENS

We have installed thousands of large format LCD screens throughout the UK and Europe. Our experience encompasses 75" LCDs in airports, hundreds of 50" screens nationwide, ultra high bright screens into store windows. We ensure the best impact no matter the environmental conditions.

## VIDEO WALLS

Toliva have installed Video walls of varying configurations and complexities throughout the UK and Europe. If it is something bespoke and unusual or simply straight forward we are only too happy to help.

We offer different brands and grades of screens to suit budget and needs along with an appropriate play out device.

Our engineers are experienced in installing video walls, regardless of the potential logistical hurdles. Working with site contractors or end users, we ensure our works are carried out carefully and to the highest standards.

## POSTER SCREENS

We have significant experience with Digital Poster style LCD screens. These screens are great value, robust with their glass face and come with or without an inbuilt player depending on the requirement. Currently we have installed hundreds of these Digital Posters throughout the UK.

Of course, there are varying sizes 12" to 55", styles, indoor and out, floor stand or wall mount.
